

Alberta
Charolais
select
FEMALE SALE

December 13, 2025
1:30 PM at Westerner Park, Red Deer, AB

Welcome to the 2025 Alberta Charolais Select Sale!

What another exciting year to be in the cattle industry. With the weather starting to show some promise and the majority of Alberta seeing decent rainfall to help our pastures and feed inventory recover. To record breaking prices in the fall run of calves with silver and tan calves being at the top of sales, it really is a good time to be raising cattle. The anticipation in the Charolais world is great, bull sales keep topping the market and more and more breeders are investing in great females to start new Charolais herds or build onto their own. Alberta Select is still one of the most highlighted Charolais sales of the year, bringing in the best of the best as well as showcasing the top up and coming bulls in the industry.

Now is the time to invest in your herd and select quality females to raise the next great herd sire. T Bar C has done another top-notch job of traveling across Alberta to put together one of the best groups of females we have seen to date. From open to bred heifers and semen to embryo packages there is something for everyone to select and choose from.

We look forward to welcoming everyone to our AGM on Friday at 2pm, followed up with our individual bull show and then the ACA hosting our yearly awards banquet and supper. Saturday's events kick off with the Pair of Bulls pen show with lunch and the sale to follow. See you on December 12 & 13 at Westerner Park in Red Deer, Alberta.

Russell Gallelli - Alberta Select Committee

Alberta Select Pen Show & Sale

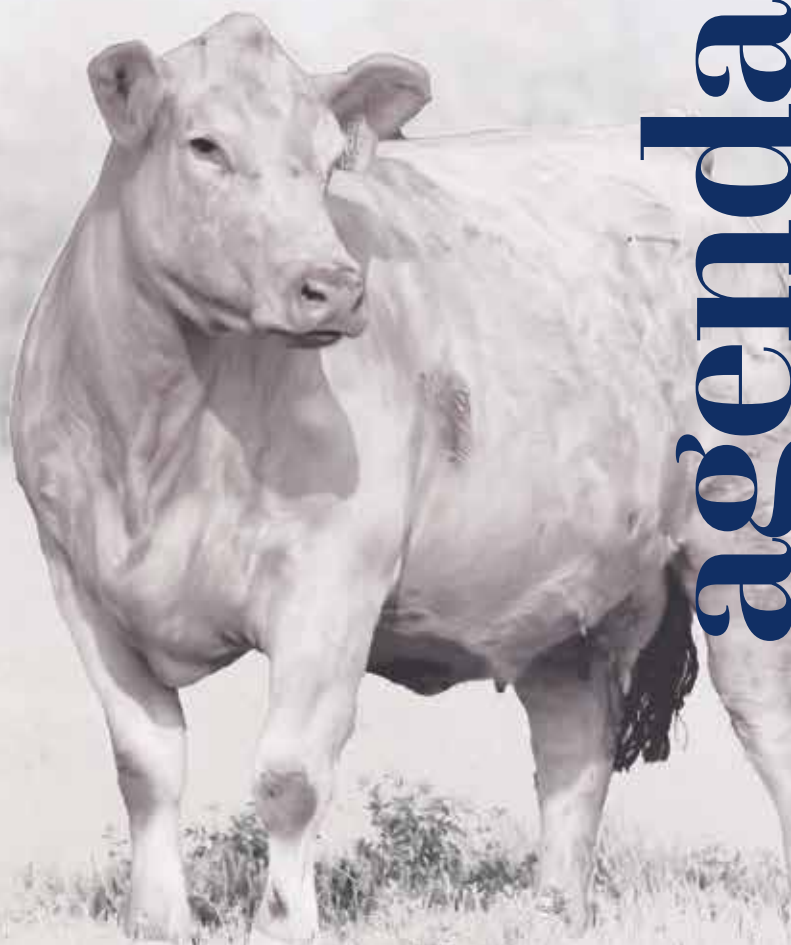

DECEMBER 12, 2025

- | | |
|--------------|---|
| 11 AM - 7 PM | Alberta Select Market

Welcome to the 2025 edition of the Alberta Select Sale. This premier fall event promises to add another historical chapter to the great white breed. Hosted annually by the Alberta Charolais Association, this sale is the result of the dedicated Alberta Charolais Association board and sale committee who work tirelessly to make it happen. By supporting the Alberta Select, you're not only investing in top-quality genetics — you're also directly supporting the Alberta Association and its ongoing efforts to promote the Charolais breed and strengthen your position in the competitive bull market.

The 2025 offering is simply outstanding — in every division — the result of countless miles in pursuit of elite genetics. The breeders represented are progressive and innovative, dedicated to the advancement of the Charolais breed, their programs, and our youth.

Depth, power, and quality define this year's sale. The bred female division is the strongest to date, featuring front-pasture females carrying early services and you'll find a top set of 2025 models — fancy, halter broke, and ready for competition before maturing into proven foundation cows. Picks, flushes, embryos, and semen lots complete an offering rich in opportunity.

Charolais and Charolais influence continue to lead the way in every sector of the beef industry, and this is your chance to acquire the best Charolais genetics available anywhere. All signs point to this current hot market continuing so whether you are starting out or an old timer on December 13th, you'll have the opportunity to bid on and own some of the most elite Charolais breeding packages in the nation.

The T Bar C team is familiar with this exceptional lineup and ready to assist with your selections — professionally and confidentially.

TERMS: The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

CERTIFICATE OF REGISTRATION: Each animal will carry papers issued by the Canadian Charolais Association, unless otherwise stated. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

PEDIGREE ESTIMATES: Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

HEALTH: All animals in the sale have met all necessary health requirements.

GUARANTEE: Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the appropriate breed association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

PREGNANCY INFORMATION: All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This Estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

LIABILITIES: All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

DELIVERY: Every assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

PHONE, MAIL, WIRE BIDS: Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

INSURANCE: We strongly recommend that insurance is purchased for full value.

ERRORS: All announcements at sale time, written or oral, supersede any written material in the catalogue.

1 CHAMPION AND/OR RESERVE CHAMPION BULL

Alberta Select Individual Bull Show
Friday, December 12, 2025

The Grand Champion and/or Reserve Grand Champion bull from that show will be eligible to sell in the Alberta Select sale if the owner chooses. The Single Pen Bull Show Champion and Reserve Champion is judged by a panel of 3 judges who sort through the bulls selecting their Champions in each division: Junior, Senior, and the new coming Two-Year-Old division. From there those bulls go into a People's Choice Showdown, where everyone can vote on their favorite bull! Once the votes are tallied we will have our Champion and Reserve Champion Bulls for the 2025 Alberta Select Single Pen Bull Show.

Selling 2/3 Interest in the Canadian Semen Rights and Full Possession. The remaining 1/3 Canadian semen interest will be retained jointly by Circle Cee and Saddleridge Charolais. Exclusive US semen rights will be retained by North Grove Charolais. Semen sales to countries other than Canada or the United States will be shared between Canadian and US partners on an ownership percentage basis. 250 straws of CSS Canadian semen is included in this lot and is currently in storage at Bovigen in Moose Jaw, SK.

Capitalist continues to leave his mark on the Charolais breed in North America! Circle Cee partnered with Saddleridge Charolais and brought this genetic powerhouse to Canada in the spring of 2022. Capitalist EPDs are in the top 5% of the breed for 11 out of 13 traits including WW, YW, Milk, and the newly created TSI trait. There are not many bulls in the US or Canada who can compete with Capitalist on EPDs or actual performance numbers. However, the progeny don't just have great EPD's – they are stylish, performance based, and possess impeccable feet and legs. Capitalist is a youthful individual, moves incredibly well, has perfect foot and hoof structure and is ready to cover a bunch of cows naturally. Semen sales were intentionally limited in both Canada and the US and when released have commanded top dollar! The limited release of semen to date leaves a tremendous earning opportunity as demand has certainly exceeded supply. The choice to market semen is in the hands of the purchaser of this lot – we are excited to work with the new partners on a strategy that will work for their operation. This is a one in a lifetime opportunity to purchase a proven, breed defining herdsire with a tremendous track record, an outcross pedigree, and an impeccable EPD profile!

Watch for a video of Capitalist on www.circlecee.com or either the Circle Cee or Saddleridge Facebook pages!

LEGENDARY X CAPITALIST DAUGHTER

3 SELLING CHOICE OF THE 2025 NGC CAPITALIST 118J ET INFLUENCED HEIFER CALVES AT CIRCLE CEE CHAROLAIS

The 2025 heifer calf crop at Circle Cee is exceptional! Comments such as "consistent from top to bottom", "there isn't a bad one", or "are you sure you have the best ones locked up?" were all heard as fellow breeders toured our herd this summer and fall. There is one constant to every heifer calf in the pen – Capitalist. In fact the two heifer calves not sired by Capitalist are off of beautiful first calf Capitalist daughters.

Here is your chance to sort through and select a heifer calf from the front end of the Circle Cee program out of one of our solid cow families. We will display a few heifer calves at the AB Select this fall that we feel are at the top of our program but the ultimate choice will be yours! Everyone of us at Circle Cee has a different favorite – this will not be an easy choice! Circle Cee reserves the right to one successful flush at their expense and the buyers convenience.

Watch for a videos of some sample Capitalist heifer calves on www.circlecee.com or our Facebook page!

SOS 43L is a top-tier two-year-old making her debut in the sale, and she's done a magnificent job on her first calf! This high-end White Bear daughter is a total package, offering a fantastic disposition, a tremendous udder, and undeniable style and presence. You cannot afford to overlook her Countdown heifer calf, SOS 139N. She is an impressive, halter-ready prospect that we believe will be very competitive in the show ring. The Countdown calves from our two-year-olds have all been standouts this year. The only difficult decision here will be whether to select the cow, her beautiful heifer calf, or perhaps buy them both to sweep the ring! **SOS Lizzo 43L - Bred AI to LT Global 3322 PLD ET on April 12, 2025. Here is an outstanding opportunity to acquire a premiere Red Factor female with a lifetime of production and earning potential ahead of her! SOS 36K, a powerful Duty-Free daughter, is backed by a lineage of proven front pasture females. Her genetics speak for themselves: her full brother, SOS Legacy 39L, was the People's Choice at the 2023 Alberta Select, and her granddam, MXS 281Z, is still producing high-end progeny for KG Land and Cattle. The incredible bonus on this lot is her mating to LT Global. What value can you place on a polled, Red Factor Global son or daughter?

Her Luxor heifer calf, SOS 28N, carries the stamp of all our best Luxors: smooth-made, hairy, and possessing an excellent disposition. She is bred to develop into a phenomenal cow, just like her dam. Make sure this potent cow-calf pair is at the top of your list on sale day. **SOS Fuschia 36K - AI Bred to LT Global 3322 PLD ET on April 6, 2025. 3096L & 530N - FULL SISTERS

Like peas in a pod, these two full sisters are made in the same mold, full maternal traits that Berkly Ann stamps on all her females.

Miss Prairie Cove 530N is extremely well built, strong and sharp over her top, big hairs and fantastic feet and legs. This young sweet fronted female will be able to handle some competition in the show ring and go on to be a powerhouse in production like her incomparable mother Berkly Ann.

Miss Prairie Cove 3096L is setting down beautiful udder, this fall born big bred is a wonderful example of the power and performance combined with a feminine look that will guide this female in to the future with ease. Huge Return on Investment opportunity here with the early service to LT Atlas 0251 PLD.

Miss Prairie Cove 561N is an absolute rig, the overall body mass and spring of rib both high and low is truly overwhelming in the best of ways, 561N screams of being a big time Donor female in the future and big time Herd bull maker. She has an incredible back leg that is soft and squishy as well as big ole paws that come from her powerful Pastor momma. PCC Husk 218K has done an incredible job breeding for us with a son being successfully campaigned in Ontario by the Saunders crew but this might be Husk best work to date, check this female out if you are serious about taking your Charolais program to the next level.

Lily's pedigree needs no introduction, the most sought-after genetics in the cow families on both sides of her pedigree. Lily is very attractive, hairy, and what looks to be an incredible udder with great teat placement and size. Her EPD profile is intriguing as well. We showed Lily at the Olds Fall Classic where she was reserve Senior Heifer Champion. Lily is quiet, easy to handle and handled her first show like a rockstar. Her half-sister that sold to Harvie Ranching did a lot of winning, Reserve Champion Female at both Farmfair and Agribition last fall. We also have a half-sister, and her udder is absolutely perfect. Big opportunity to get your hands on a Lily, you won't be disappointed. Banners are littered in her pedigree. **CONSIGNED BY EAGLE VALLEY FARMS**

It may come as a surprise to many, but the purebred Charolais program at Murray Ranches actually predates the purebred Angus herd. And while the number might be small, I think you will agree, the quality is big league. The main focus of this Charolais endeavor would be to produce bulls. In 2025 at GW Murray Ranches, approximately 2000 Charolais sired calves were born to black hided commercial cows. The white cattle are entrenched in the productive value of our ranches, and so it only makes sense to try and raise some of our own bulls for use on those commercial cows.

CONSIGNED BY MURRAY RANCHES

11

D: CIRCLE CEE DESIGN 11H

ENTER CIRCLE CEE DESIGN 11H.

11H is one of the most phenotypically fault free cows we have been around, of any breed. She stops nearly every visitor in their tracks. Ideal udder, massive rib cage, feminine head and neck, she is a great building block that we were fortunate to acquire. This flush to Force of Nature has exceeded expectations. Both the bulls and females are high quality. 158N and 162N are two peas in a pod. Exceptionally long spined, attractive patterned, hairy, big boned and bold sprung. It has been nearly impossible to pick a favourite all year and I doubt that there will be a consensus by sale day. These late February calves pack a punch and whether you're looking for a show heifer or future bull producer, they will be assets to any program. Retaining a flush in both females, at your convenience and our expense.

Miss Napalm is your power house heifer, one that is going to produce many herd sires and heifers that will go into anyone's replacement pen. The pairing of WDG Ruger 8J and my Miss Georgie cow has been one of my favourites to date. Having full siblings in my bred heifer pen and bulls that are out working in the pasture, this heifer will go out and work! A long stretch of body, a head shape you can't miss, thickness throughout and a large length of rib. I look forward to see what Napalm will do in you replacement heifer pen!

When you combine the 2022 Players Club Champion, PCC Cobain, with the dam of the 2018 Players Club Champion, SOS Apex, you get a cross we're very excited about. 38M displays that deep-bodied, broody cow look that is sure to produce herd bulls all day long. To add even more value, she carries an early AI service to WC Encompass!

38M is our **first female progeny to sell out of 447B**, a cow that has been flushed and bred in many different ways—always working, no matter the mating. She can raise them herself at ten years old as 38M is her natural calf. A special thank you to Addison Charbonneau for her hard work this fall in helping us get the sale females prepared.

• **Bred AI on March 26, 2025 to WC Encompass 0507 P, no exposure.**
Vet confirmed safe to AI on July 25, 2025.

Evetta 423M is a beautiful heifer that is super feminine, lots of body and attractive. Her pedigree is packed with highly productive and show-winning cattle. Her sire, CML Raindance 996G, was the 2019 Alberta Select People's Choice Grand Champion Bull and went on to be the Alberta Select high seller at \$45,000 for 1/2 interest. Raindance was also crowned the 2021 Agribition Reserve Champion Bull. Her dam, CML Evetta 937G, is the result of an embryo mating of CML Copyright 714E, 2019 Agribition Champion Bull and RBC Supreme top 10 finalist, and Gerrard Evetta 39Y, 2011 Agribition Junior Heifer Calf Champion. We are super excited about the mating between her and our Luke Combs bull from Wilgenbush. Luke has so much length of body and style. This outcome will be off the chart!!

Bred AI on Apr 18, 2025 to JWX Luke Combs 915L. Pasture exposed JWX Luke Combs 915L from Apr 18 - June 1, 2025. Safe to AI date.

Nina Momacita 6M is truly a standout heifer and ranks at the very top of our bred heifer pen. She is exceptionally well put together, displaying an impressive combination of length, depth, and frame, complemented by sound feet. Her strong maternal lineage is evident, tracing back to CML Wilma and RBM Fargo on the dam's side and featuring an LT pedigree on the sire's side. Notably, she is a paternal sister to last year's ACA People's Choice Bull Champion, further highlighting her genetic quality.

This heifer has been bred to BLM Lunenburg, a KEYS Powermax son. Our experience with Lunenburg has been highly positive, particularly in breeding heifers, and we anticipate excellent results from this pairing. We are confident in the potential of Nina Momacita 6M and her future calf. For an example of Lunenburg's impact, we invite you to view the heifer calf we currently have on offer.

Exposed to Balamore Lunenburg 346L from March 21 - May 15, 2025.
Observed bred April 30, 2025. Preg checked safe to her observed date on June 3, 2025. Due February 9, 2026.

BW: 79 lbs. WW: 716 lbs.

This was one we weren't sure we wanted to part with, and you certainly can't blame us when she combines functionality with finesse so effortlessly. She is built right from the ground up, with lots of middle and dimension about her. As a daughter of RRMM Rolex 22K, who packs the performance of Gerrard Pastor 35Z and CML Crown Jewel 87F with the refinement and calving ease of LT Ledger 0332 P, you can bet that the calves will come easy but will weigh down the scales come fall. RRMM MS MARI LOU 2M ranks in the top 15% for Calving Ease, top 20% for Birthweight and top 25% for Milk.

She is confirmed bred to RRMM SHOOT TO THRILL 13M, a son of CML Ginny 24H and CML Thriller 21K, the high selling bull from McLeod Livestock's 2023 bull sale. Don't miss out on her if you are looking for a female who can raise some heifer bulls with performance!

Homo Polled – PA Free. Observed bred to RRMM Shoot to Thrill 13M on May 5, 2025. Pasture exposed from April 21 - May 18, 2025. Due to Calve February 15, 2026.

CONSIGNEE BY SEVEN QUARTER CIRCLE CHAROLAIS

functionality
& finesse
BUILT FROM THE GROUND UP

BW: 99 lbs. WW: 727 lbs.

It isn't very often that we are willing to part with our females from the Onyx cow family, so don't pass this female by! The Onyx cow family has always been a foundation of the Seven Quarter Circle herd and it's no wonder why when the progeny are built right and offer a true combination of style and substance. To add to it, this heifer is out of RRMM Boomtown 16K, a son of the Record Breaking \$245,000 herdsire, SCX Jehu 233E, sold in the Tri-N "The Changing of the Guard" Sale. RRMM MS ONYX 34M is a deep-bodied, powerful female with a great foundation that will carry her the distance. She is confirmed bred to one of the most talked about sires in the Charolais breed, SVY Historic 241K, who ranks in the top 10% of the breed for 11 EPD traits. This female and the mating she carries are an opportunity you don't want to miss. PA Free. **Bred AI to SVY Historic 241K on March 30, 2025** – due to Calve January 10, 2026

JUNIOR ALERT!! Here is one that could be a great addition for a young junior who is building a herd. Tons of body, good footed, and you can't beat her disposition. This sweet heifer calf is fully halter-broke and has lots of hair, ready for someone to take her to some junior shows! This heifer calf offers an outcross pedigree, being a daughter of RRMM Yellowstone 2J, a son of D R Monsoon 45 who we sold to Springside Cattle Corp in 2022. This is the first year that the Yellowstone daughters have been in production and they have surpassed all of our expectations. This is the very first Yellowstone female that we have ever offered for sale and she is a full sibling to RRMM Twister 26M, who was part of the 2024 Alberta Select Grand Champion Pair of Bulls. RRMM MINI PEARL 18N has all the makings of a powerful cow that could be a great addition for any new or established breeder.

These two flush mates represent everything we aim for at Battle River Cattle Co. Balanced, functional, and maternally built females ready to thrive across a diverse range of landscapes. From day one, both stood out as elite prospects. Complete, eye catching, and consistent in type and structure. The only challenge has been deciding which one to keep. **BRC Comet 255N** carries herself with commanding presence. She's a powerhouse heifer packed with dimension, bone, and natural muscle expression. She's the kind that stops you in your tracks with her strength and volume. **BRC Nova 256N**, on the other hand, follows the same ideal pattern but with a touch more softness and feminine refinement. She blends power with maternal grace, the kind of female you build cow families around.

Here is a great opportunity to anchor your program with the next generation of foundational females. Whether you lean toward the power and performance of Comet or the elegant design of Nova, either choice will move your herd forward in a big way.

Don't miss your shot at a pair that defines genetics, structure, and presence all in one package.

Retaining the right to 1 flush at the buyer's convenience and the seller's expense.

CALLING ALL
4-H members

The Alberta Charolais Association is proud to recognize 4-H members from across Alberta and British Columbia who exhibited Charolais Influenced Genetics as their 4-H Project in 2025 with a \$1,000 credit in the 2025 Alberta Select Sale

\$1,000 TOWARDS YOUR 2024/2025 4-H PROJECT

RULES & REGULATIONS:

Credit is available to all 4-H members in the provinces of Alberta and British Columbia who exhibited a 4-H beef project with a Charolais Influence in 2025.

Each member exhibiting a Char Influenced steer, heifer or cow-calf pair as a 4-H project in 2025 will receive one \$1,000 credit which can be used towards the purchase of any live lot in the 2024 Alberta Select Sale. Credits cannot be combined and only one credit can be used per lot. All entrants must be a member of good standing and show proof of membership in an active 4-H club in Alberta or British Columbia for the 2025/26 year in a beef project.

4-Hers must be between the ages of 9 and 20 as of December 31, 2025 to be eligible.

The credit holds no cash value and if not redeemed for a purchase in the 2025 Alberta Select Sale will become null and void.

The credits are non-transferable.

The credits can be used in a partnership situation as long as the credit holder or the credit holder's immediate family operation is acknowledged within the partnership group. Only one credit may be utilized per lot.

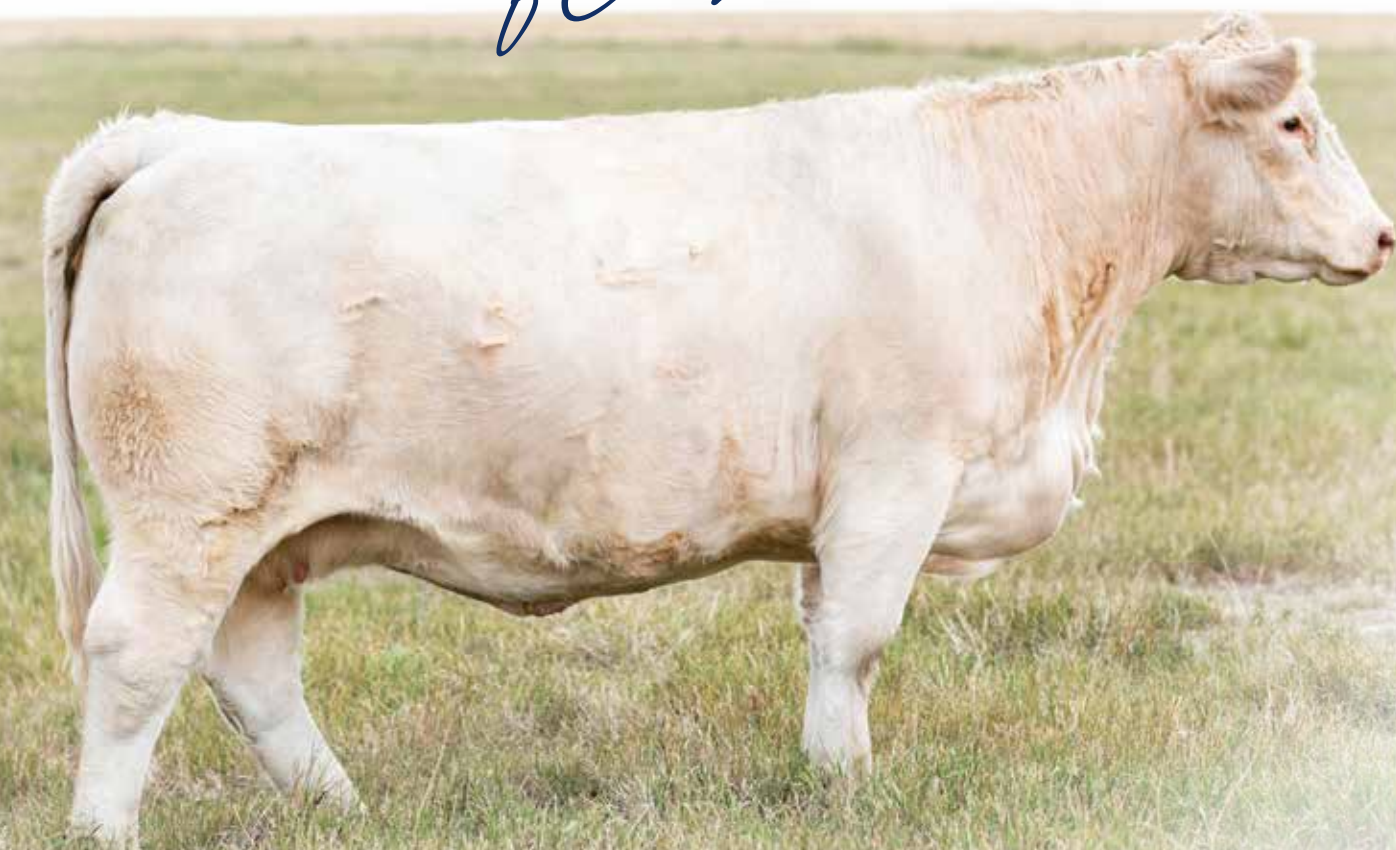

CREDITS CAN ONLY BE USED ON LIVE LOTS. NO DONATION, SEMEN OR EMBRYO LOTS.

Further clarification on any rule or regulation for the above promotion will be made by the Alberta Charolais Association Board of Directors, at their discretion.

All 4-H members will be **required to register in person** at the designated 4-H table prior to 12:00 pm, December 13, 2025 at the Westerner Grounds.

Updates can be found on the Alberta Charolais Association website at www.albertacharolais.com closer to the event. Questions can also be emailed to

SELLING THE RIGHT TO FLUSH MISS PRAIRIE COVE 748E

Selling one IVF cycle on PCC 748E with a minimum of 6 embryos, splitting after 10. To be performed at Bow Valley Genetics in Bassano, AB. Buyer will be responsible for all costs associated with the IVF Cycle. She is open and ready to flush immediately after the Alberta Select Sale and to be performed before February 15, 2026 or anytime after May 1, 2026. "Sire of flush is buyer's choice"

This is the first and will be the last time we offer a flush on PCC 748E so with that, take this opportunity to get in on one of the most prolific Charolais donor cows here at EXL. PCC 748E is a hard-working front pasture cow that has been there, done that in just about every category, from winning banners to raising top quality breeding stock. Now her offspring are doing the same with the most recent being her son, SOS Kickstart PLD 825K being the 2023 Agribition Grand Champion Bull. A daughter, SOS Heartstring PLD 393K was named 2023 Reserve National Champion Charolais Female. She flushes well and has been mated many ways - each one of the matings just flat out works. Many of her sons and daughters are the highlight of the replacement heifer pen as well as the bull pen here at EXL Charolais. As a bonus, she is Homo Polled and PA Free.

- Top 1% ADG in Vytelle database of 350,000+ head feed efficiency tested cattle
- With over 500 registered calves across North America, you know you can trust his numbers
- Sons walking in more than 10 breeder herds
- PA Free and Homo Polled

When Highway 21 began searching for Charolais cattle to start our purebred program, we researched hundreds of sires and pedigrees. JSR Estrada quickly stood out as an elite outlier, combining exceptional phenotype and EPD traits that placed him at the top of all sires we reviewed. Watching his progeny consistently top sales—often sold in groups of 3–5 head to repeat buyers who know and trust his genetics—confirmed our decision to partner with Char-Maine Ranching and Spruce View Charolais on this standout sire.

With his proven track record, it's no surprise Lindskov's LT Ranch secured the U.S. semen rights to add this elite sire to their program. 2025 Lindskov's Sale Results: 16 Estrada sons averaged ~\$2,000 USD above sale average—a true testament to his breeding power.

Estrada is no longer in production, and the existing straw inventory represents the last chance to secure his genetics. **Stored at Alta Genetics.**

WINNING GOAL SON - PRO-CHAR AZTEC 112J

DIAMONDBACK 113H AS A YEARLING

This exceptional Sparrows Kingston 139Y daughter represents the complete package—outstanding feet, udder quality, and phenotype, backed by a proven production record. Kingston ranks in the top 6% for RFI in the Vytelle Database, and his influence shows through in this female's balance of performance and maternal strength. She boasts top 4% Milk and top 20% Maternal rankings, combining power and efficiency in one impressive package. The dam of Pro-Char Aztec 112J (\$26,000) and a full sister to Pro-Char Winning Goal 51B, who produced both Pro-Char Winchester and Pro-Char Ronaldo, this female carries a pedigree loaded with productivity and consistency. PA Free and Red Factor—a standout opportunity for breeders seeking elite maternal genetics with proven results.

Diamondback ranks in the top 50% for feed efficiency and growth. With 100 calves registered, he combines standout colour with proven performance and is homozygous polled.

Stored at Bow Valley Genetics. Guaranteed one (1) pregnancy if implanted by a certified technician.
